Parametric Optimization
and Related Topics XI

Prague, Czech Republic
September 19 - 22, 2017

11th International Conference
on Parametric Optimization and Related Topics

In honor of Jiří Outrata's 70th birthday

Parametric optimization is a part of mathematical programming and has emerged as an exciting research area in theory, numerics and applications. ParaoptXI welcomes papers as well as proposals for special sessions on any area in parametric optimization or other disciplines of operations research, like stochastic programming, complementarity problems, mixed-integer problems, model-building, numerical methods, multi-objective optimization and optimal control.

Plenary Speakers:

- **René Henrion** (Weierstrass Institute for Applied Analysis and Stochastics, Berlin, Germany)
- **Diethard Klatte** (University of Zürich, Zürich, Switzerland)
- **Michal Kočvara** (The University of Birmingham, Birmingham, United Kingdom)
- **Alexander Kruger** (Federation University, Ballarat, Australia)
- **Boris Mordukhovich** (Wayne State University, Detroit, USA)

Important Dates:

- Abstract submission:
June 2, 2017
- Notification of acceptance:
June 16, 2017
- Early bird registration:
June 30, 2017
- Conference:
September 19 - 22, 2017

Registration Fees:

- **Before June 30, 2017**
regular: 280 EUR
student: 230 EUR
- **After July 1, 2017**
regular: 330 EUR
student: 280 EUR

Selected papers presented at ParaoptXI will be considered for peer-reviewed publication in a special issue of the Journal Optimization.
